

RULES: Practical Shooting Handbook, Latest Edition **COURSE DESIGNER:** Doug Giraud—Modifications by US Design Team

START POSITION: Standing behind table facing targets, both thumbs hooked into belt at the center of the waist. Loaded gun is lying flat on X in center of table with muzzle downrange. It may not be propped up by any artificial means.

STAGE PROCEDURE

Upon start signal, from behind table A, engage only T1-T3. Move to barricade and from Box B, engage only T4, T5, PP1 and PP2. Move to low wall and from Box C, through Port D, engage only T6-T8. "Behind table" will be considered as anywhere between the rear two legs of table.

SCORING

SCORING: Comstock, 18 rounds, 90 points
TARGETS: 8 IPSC, 2 Pepper poppers
SCORED HITS: Best 2/paper, KD = 1 A
START - STOP: Audible - Last shot
PENALTIES: Per current edition of USPSA Practical Shooting Handbook.

SETUP NOTES: Set paper targets to 5 feet high at shoulders. Outer scoring lines of no-shoots between T4-T5, and at T2 and T8 overlay A zone scoring lines of shoot targets. (Non-scoring borders of no-shoots are inside of A zones.) Align no-shoots on T7 so that they

are straight up and down, allowing the center of the target to be available for scoring. Table is a standard card table height. T2 and no-shoot are centered on table with centerline aligned with non-scoring edge of no-shoot.
