Protest and Arbitration Request

I hereby submit the following circumstances for arbitration in accordance with the provisions of the International Practical Shooting Confederation.

Name: Tasha Hanish Date: 9/18/2009 Time: 11:45

Match: Limited Nationals Stage: mitchwells

Range Officer: Scott Clark Jr CRO: George Jones

Witnesses: Mark Hanish, Billy Abbate, Jessie Abbate, Randi Blicke

Accurately describe the circumstances and what happened. Include any reference to rules, match and stage descriptions that may apply, and the time of the occurrence.

The layout of the stage does not comply with 2.1.4 in that "Targets must be arranged so that shooting at them on an "as and when visible" basis will not cause competitors to breach safe angles of fire". There is no clear 180 on stage 1. There is no berm to define direction of fire. Spectators and Photographers are allowed uprange of shooting making the determination of 180 even more difficult. The 3rd RO ~~on~~ on yellow copy duty behind the squad made the 180 call, not the RO running the clock or the CRO.

Applicable rules: 2.1.4
